Dear Dr. Wortman:

Thank you for your letter of May 25th and the background material with it about the history of Stuyvesant High School.

From your letter, I would gather that the work of "The Council for the Specialized Public High Schools" would come very close to the target of my questions, and I wonder if you would be able to direct me to any written material concerning the work of the Council or tell me to whom I might refer for that.

I hope that I might have the opportunity to continue some correspondence on some other points, either directly or with the help of my colleague, Professor Harriet Zuckerman of the Department of Sociology at Columbia University.

Yours sincerely,

Joshua Lederberg
Professor of Genetics
